

Da
LORENZO

AL GIARDINO SEGRETO

by Paolo Airaudo

Welcome to

Da Lorenzo – Al Giardino Segreto

Each dish here tells a story of contemporary Italian cuisine, inspired by the vision of Michelin-starred chef Paolo Airaudo and the legacy of Lorenzo Patarol, creator of the botanical garden surrounding the restaurant and author of the celebrated Patarol Herbarium.

A member of the family who once owned and lived in this palace, he turned the place into an oasis of rare scents and botanical wonders.

Let yourself be guided on a journey of authentic flavours, seasonal ingredients, and unexpected harmonies, in the heart of Venice's largest hidden garden.
